The BedRock is a fresh idea that offers an alternative to the traditional methods of the interment of cremated remains. This product is not only functional but also is very aesthetically pleasing as it compliments any garden setting. The BedRock has the capacity to hold any tributes or trinkets that you may want to place with the cremated remains.

Can be fitted with all types of plaques, ceramic, brass, glass, stainless steel etc.
Available from your current supplier.

We also have the PetRock, a smaller version for the ashes of family pets.
